

Global Education Seminar on Pharmacy and Pharmaceutical Science

□ Plenary Lecture (50 min talk + 10 min discussion)

1. **Donald A. Godwin, Ph. D.** (University of New Mexico, USA)
“Pharmacy Education in the U.S. – New Mexico as a Center of Innovation”
2. **Barry E. Bleske, Pham. D.** (University of New Mexico, USA)
“Pharmacy Driven Population Health Model for Screening of Atrial Fibrillation”

□ Invited Lecture (25 min talk + 10 min discussion)

1. **Tsuyoshi Yamamoto, Ph. D.** (Nagasaki University, Japan)
“Technologies for Ligand-Targeted Drug Delivery”
2. **Tomoaki Kurosaki, Ph. D.** (Nagasaki University, Japan)
“Development of Biocompatible Gene Delivery Vectors Constructed with Electrostatic Interaction”

□ Research Presentation (15 min talk + 10 min discussion)

1. **Yoshitaka Ohno** (Kumamoto University)
“Antitumor activity of supramolecular polysaccharide in ovarian cancer”
2. **Tadaharu Suga** (Nagasaki University)
“Development of ligand-modified liposomes for cancer-targeted delivery system”

Date: March 7th (Thu.) 2019 Time: 13:00~17:30

Venue: Nagasaki University Bunkyo Sky Hall
(Global Education and Student Support Center 4th Floor)

Participants: Faculty and Students of Nagasaki University, and
Members of the Academy of Pharmaceutical Science and Technology, Japan

Host: Nagasaki University Shimomura Novel Laureate Memorial Center for Drug Discovery

Co-hosts: The Academy of Pharmaceutical Science and Technology, Japan, and
Nagasaki University Research and Education Center for Drug Fostering and Evolution

Mixer: Co-op Cafeteria 2nd Floor Time: 18:00~19:30

(Fee: Regular ¥3,000; Student ¥0 for member of APSTJ, ¥1,000 for non-member)
