GUIDE FOR THE APPLICATION OF PRIVATE-EXPENSE FOREIGN POSTGRADUATE MASTER COURSE STUDENTS

The Nagasaki University Priority Graduate Programs (NUPGP) is a special course in the Graduate School of Biomedical Sciences, Nagasaki University, started in October 2007. The NUPGP provides opportunities for qualified graduates from overseas to study on Biological and Medicinal Sciences of infectious diseases, pain, drug addiction, environmental pollutants, anticancer target molecules and medicinal natural products.

The objectives of the NUPGP are to produce competent persons in frontier of those fields as well as impact knowledge of national policy planning in those fields when students go back to their mother countries.

To efficiently meet the goals of the NUPGP, intensive training of a wide scope is provided to students by Professors of Pharmaceutical Sciences in the Graduate School of Biomedical Sciences. Lectures and Instructions of NUPGP are given in English.

This is a call for application to a two-year Master Course for the academic year of 2013.

For deciding the field and the topic of research, applicants choose the appropriate supervisor(s) appearing on the List of Academic Staffs. Also, applicants must contact with the supervisor before applying to the NUPGP.

Qualifications

1. Nationality: Non-Japanese citizens can apply for the program.
2. Academic carrier: The following candidates may apply for admission.
 - a. Those who have Bachelor's Degree from Japanese University as of September 30, 2013.
 - b. Those who have a Degree equivalent, to Bachelor's Degree of Japanese Universities as of September 30, 2013.
 - c. Those who have been designated by the Ministry of Education, Culture, Sports, Science, and Technology of Japanese Government.
 - d. Those who are 22 years old or more as of September 30, 2013, and completed total 16 years schooling and are admitted as that their academic abilities are equivalent to or higher than Bachelor's Degree of Japanese Universities upon reviewing the submitted materials (Review of Academic Abilities).
3. Health: Applicants should be in good health both mentally and physically.
4. Language proficiency: A good working level of English is required.
5. Arrival in Japan: Applicants should arrive in Japan on the designated period, if admitted.

Review of Academic Abilities

1. The applicants whose academic carrier falls into category (Qualifications 2.d) should prepare the following documents to be forwarded to
Student Affairs Division
School of Pharmaceutical Sciences
Nagasaki University
1-14 Bunkyo-machi
Nagasaki 852-8521
JAPAN
 - ① Review Form For NUPGP (page21).
 - ② Certificate of Graduation issued by university authorities and in English translation.
 - ③ Transcripts of Academic Record issued by university authorities and in English translation.
2. All documents should be sent by registered airmail, and must arrive at the Student Affairs Division by March 8, 2013. At this point, the applicants must not pay Entrance Examination Fee.

Remarks

- 1) Military personnels and civilian employees of the armed forces are not eligible.
- 2) Admission shall be canceled if the applicant fails to arrive in Japan on the designated period.
- 3) Admission shall be canceled if the applicant fails to receive the Bachelor's Degree on or

before September 30, 2013.

Enrollment and Tuition expenses

1. Entrance examination fee: 30,000 Yen.
2. Entrance fee: 282,000 Yen.
3. Tuition fee: 535,800 Yen per academic year. Tuition fees may be subject to change.
4. Date of enrollment: October 1, 2013.

Selection and Admission

1. The applicants should be a degree holder of higher grade (preferably A grade or First class honors) in her/his field. Official documents to certify this should be attached together with the application forms. The applicants shall be interviewed directly by the host Professor or interviewed via Internet on some subjects proposed by at least three Professors of the Pharmaceutical Sciences in the Graduate School of Biomedical Sciences. Only those who have a solid academic background, research capability and commitment are selected.
2. The number to be admitted is two per academic year.
3. Application deadline: April 19, 2013.
4. Selection of Applicants: May 23, 2013.
5. Notification Date: June 18, 2013.

Application

1. Applicants should prepare the following documents to be forwarded to the Dean of the Graduate School of Biomedical Sciences, Nagasaki University through the head of the universities or the institutions with which the applicants are affiliated. Applicants who presently have no formal affiliation should send the prepared documents through the Dean of the University from which he/she graduated.
 - ① Application Form For NUPGP (page 14~19).
 - ② Certificate of Health (Page 20).
 - ③ Copy of Bachelor's Degree or Certificate that the applicant will get Bachelor's Degree before September 30, 2013 if you are a student, now.
 - ④ Transcripts of Academic Record issued by university authorities and its English translation.
 - ⑤ English summary of Graduation Thesis or its equivalent if available, not exceeding four sheets of A4 size paper typed in double space. When a Graduation Thesis is not required by the university from which the applicant graduated, prepare a statement to that effect.
 - ⑥ Certificate of Citizenship issued by appropriate authorities.
 - ⑦ A letter of Recommendation from applicant's supervisor with signature.
 - ⑧ One photograph (hatless portrait) 4.5cm x 3.5cm in size, taken within six months of application date should be attached to the Application Form for NUPGP (page 15).
 - ⑨ Payment Certificate of Entrance Examination Fee: 30,000 Yen.
Payment of ¥30,000 must be made during the application period. Please make the payment by telegraphic transfer with the following data. Money transferring fees are the responsibility of the payer. Please remind that any shortage of the payment is not acceptable.

Name of the bank: THE EIGHTEENTH BANK, LTD

Branch: OHASHI BRANCH

Address of the bank: 8-28, Ohashi-machi, Nagasaki-shi, Nagasaki, JAPAN

Account number: 191-01-226702

SWIFT CODE (Mandatory): EITNJPJT

Purpose of Remittance: Application Fee

Message to payee: Following should be mentioned.

Applicant's name

Nationality

Name of faculty and course

2. All documents should be sent by registered airmail, and must arrive at the Student Affairs Division Office by April 19, 2013.

Remarks

- 1) The above documents should be type-written in English on double-sided A4 size paper.
- 2) Incomplete documents are not acceptable.

- 3) Applicants are advised to choose their desired fields and supervisor of whose name is listed in the table on page 7 and write the supervisor's name on the application form.
- 4) None of the documents submitted will be returned to the applicant.

Notes

1. An applicant will be deprived of entrance under the following cases:
 - a. False statements on the documents.
 - b. Violation of the pledge.
 - c. Violation of school regulations, and no satisfactory academic achievement.
2. Applicants are recommended to be well acquainted with the Japanese language, culture, customs *etc.* Knowledge of the Japanese language is necessary in daily life.

Correspondence

Any inquiry relating to the application for the NUPGP should correspond to each professor listed in Academic staffs (page 7) by e-mail.

GUIDE FOR THE APPLICATION OF PRIVATE-EXPENSE FOREIGN POSTGRADUATE DOCTOR COURSE STUDENTS

The Nagasaki University Priority Graduate Programs (NUPGP) is a special course in the Graduate School of Biomedical Sciences, Nagasaki University, started in October 2007. The NUPGP provides opportunities for qualified graduates from overseas to study on Biological and Medicinal Sciences of infectious diseases, pain, drug addiction, environmental pollutants, anticancer target molecules and medicinal natural products.

The objectives of the NUPGP are to produce competent persons in frontier of those fields as well as impact knowledge of national policy planning in those fields when students go back to their mother countries.

To efficiently meet the goals of the NUPGP, intensive training of a wide scope is provided to students by Professors of Pharmaceutical Sciences in the Graduate School of Biomedical Sciences. Lectures and Instructions of NUPGP are given in English.

This is a call for application to a three-year Ph.D. Course for the academic year of 2013.

For deciding the field and the topic of research, applicants choose the appropriate supervisor(s) appearing on the List of Academic Staffs. Also, applicants must contact with the supervisor before applying to the NUPGP.

Qualifications

1. Nationality: Non-Japanese citizens can apply for the program.
2. Academic carrier: The following candidates may apply for admission.
 - a. Those who have Master's Degree from Japanese University as of September 30, 2013.
 - b. Those who have a Degree equivalent, to Master's Degree of Japanese Universities as of September 30, 2013.
 - c. Those who have been designated by the Ministry of Education, Culture, Sports, Science, and Technology of Japanese Government.
 - d. Those who are 24 years old or more as of September 30, 2013, and completed total 18 years schooling, and are admitted as that their academic abilities are equivalent to or higher than Master's Degree of Japanese Universities upon reviewing the submitted materials (Review of Academic Abilities).
3. Health: Applicants should be in good health both mentally and physically.
4. Language proficiency: A good working level of English is required.
5. Arrival in Japan: Applicants should arrive or be here in Japan on the designated period, if admitted.

Review of Academic Abilities

1. The applicants whose academic carrier falls into category (Qualifications 2.d) should prepare the following documents to be forwarded to
Student Affairs Division
School of Pharmaceutical Sciences
Nagasaki University
1-14 Bunkyo-machi
Nagasaki 852-8521
JAPAN
 - ① Review Form For NUPGP (page 21~22).
 - ② Certificate of Graduation issued by university authorities and in English translation.
 - ③ Transcripts of Academic Record issued by university authorities and in English translation.
 - ④ Research Activities List Form (page 23).
 - ⑤ Outline of Research Activities Form (page 24~25).
 - ⑥ Certificate of Employment Record Form (page 26~27).
2. All documents should be sent by registered airmail, and must arrive at the Student Affairs

Division by March 8, 2013. At this point, the applicants must not pay Entrance Examination Fee.

Remarks

- 1) Military personnels and civilian employees of the armed forces are not eligible.
- 2) Admission shall be canceled if the applicant fails to arrive in Japan on the designated period.
- 3) Admission shall be canceled if the applicant fails to receive the Master's Degree on or before September 30, 2013.

Enrollment and Tuition expenses

1. Entrance examination fee: 30,000 Yen.
2. Entrance fee: 282,000 Yen.
3. Tuition fee: 535,800 Yen per academic year. Tuition fees may be subject to change.
4. Date of enrollment: October 1, 2013.

Selection and Admission

1. The applicants should be a degree holder of higher grade (preferably A grade or First class honors) in her/his field. MAJOR TEACHING AND RESEARCH FIELDS

Graduate School of Biomedical Sciences (Master Course)

Department of Molecular Medicinal Sciences

Division of Pharmaceutical Chemistry

Research Fields:

- Design and synthesis of non-proteinogenic amino acids and their utilizations
- Studies on bio-inspired molecules

Division of Cell Regulation

Research Fields:

- Intracellular signal transduction regulating cellular stress response
- Roles for the MAP kinase pathways in the regulation of diverse cellular processes

Division of Molecular Pharmacology and Neuroscience

Research Fields:

- Molecular and cellular biology of neuronal protection
- Molecular, cellular and behavioral sciences of opioids and their receptors
- Molecular and behavioral sciences of pain
- Molecular and cellular biology of neurosteroids and endocrine disruptors

Division of Pharmaceutical Organic Chemistry

Research Fields:

- Development of a new methodology for the construction of complex molecules
- Development of a new synthetic reagent and reaction
- Synthesis of biologically active compounds
- Chemical biology based on natural products

Division of Synthetic Chemistry for Pharmaceuticals

Research Fields:

- New synthetic methods using optically active α -amino acids
- Synthesis of drugs utilizing electrochemical oxidation
- Asymmetric synthesis using new chiral ligands
- Recognition of polyols

Division of Molecular Biology & Biotechnology

Research Fields:

- Analysis of Alzheimer's disease pathogenesis and development of new therapeutic methods, e.g. gene therapy etc.
- Application of induced pluripotent stem (iPS) cell technology to Alzheimer's disease research
- Gene therapy for neurodegenerative diseases

Division of Molecular Pharmacology of Infectious Agents

Research Fields:

- Virus infections and apoptosis
- Development of anti-virus drugs
- Development of an AIDS vaccine using influenza virus as a vector
- Screening of a new toxin-producing marine microorganism
- Analysis of signal transduction mechanisms involving cytokines in various types of diseases

Department of Medicinal Natural Product Chemistry

Division of Natural Product Chemistry

Research Fields:

- Chemical study on polyphenols in medicinal plants and traditional foods
- Investigation on molecular conversion of natural products during processing of foods and medicinal plants
- Studies on inter- and intra-specific diversity in plant secondary metabolites.
- Studies on the regulations of plant secondary metabolism by plant cell cultures.

Division of Medical Plants Biochemistry

Research Fields:

- Studies on marine natural product chemistry

Division of Instrumental Analysis for Molecular Structure

Research Fields:

- Design and synthesis of molecular probe for drug discovery

Department of Pharmaceutical Health Sciences

Division of Chemistry of Biofunctional Molecules

Research Fields:

- Molecular recognition of peptides and their new sequence analysis
- Super-sensitive optical detection of nucleic acids and proteins
- Studies on transcription factors and cell regulation
- Development of novel functional nucleic acids

Division of Hygienic Chemistry

Research Fields:

- An assessment of Niboshi (a processed Japanese anchovy) as an effective food source of selenium
- Selenium metabolic pathways in biological systems
- Blood glucose-lowering efficacy of vanadium (IV, V)-hydroxamate complexes in diabetic mellitus
- *In vivo* A β -aggregate imaging agents for early diagnosis of Alzheimer's disease
- Development of a generator system for PET imaging agents not using cyclotron facility

Division of Analytical Chemistry

Research Fields:

- Development of luminescence reagents for biomedical analyses
- Development of functional packing materials for HPLC and CEC separation
- Development of analytical method for environmental pollutants
- Study on novel chemiluminescence reactions for analytical chemistry
- Development of a novel proteomic analysis and its application to clinical diagnosis

Department of Clinical Pharmacy

Division of Pharmacotherapeutics

Research Fields:

- Identification of the susceptibility genes for diseases

- Identification of the responsibility genes for drugs adverse effects and prognosis
- Establishment of DNA-based diagnosis for personalized medicine
- Elucidation of molecular mechanisms of resistance to anticancer drugs

Division of Analytical Research for Pharmacoinformatics

Research Fields:

- Analytical research for rational use of medicaments
- Study on clinical analysis of drugs of abuse
- Clinical pharmaceutical studies on drug-drug interaction
- Clinical pharmaceutical studies on functional foods

Division of Pharmaceutics

Research Fields:

- Organ- and site-selective delivery of drugs following the organ surface application
- Organ- and site-selective gene transfection following the application of naked plasmid DNA to the organ surface
- Changes in pharmacokinetics of drugs during hypothermia

APPLICATION FORM FOR NUPGP

INSTRUCTION (記入上の注意)

1. Application should be typewritten or written in Roman block capitals.
(記入は楷書又はローマ字体を用いること。)
2. Numbers should be in Arabic figures.
(数字は算用数字を用いること。)
3. Year should be written in the Anno Domini system.
(年号はすべて西暦とすること。)
4. Proper nouns should be written in full, and not be abbreviated.
(固有名詞はすべて正式な名称とし、一切省略しないこと。)
5. Payment Certificate of Examination fee of 30,000 Yen should be enclosed.
(検定料30,000円の支払い証明書を添えること。)
6. Enter the address below for notifying the result of the selection.
(合格通知書等の送付先を下記欄に記入のこと。)

*Personal data entered in this application will only be used for selection purposes, and contact information such as e-mail addresses will only be used for forming related human networks after the student returns home.)

(本申請書に記載された個人情報については、選考のために使用するほかは、特に E-mail アドレス等の連絡先については、帰国後における関係者のネットワークを作ること以外には使用しない。)

2. Nationality (国籍) _____

3. Date of birth (生年月日) Year 19 , Month , Date , Age (As of September 30, 2013)
(年) (月) (日) (年齢)

4. Present status : with the name of the university attended, or of the employer.

(現職(在学大学名又は勤務先名まで記入すること))

5. Present address and telephone number, facsimile number or E-mail address

(現住所、電話及びファクス番号又は電子メールアドレス)

Present address (現住所):

Telephone/Facsimile number (電話及びファクス番号)

E-mail address

* if possible, write an e-mail address that can be used for periods including the time before you come to Japan, your stay in Japan and the period after you return home.

(可能な限り、渡日前～日本留学中～帰国後にわたり使い続けることが予想されるE-mail アドレスを記入すること。)

6. Field of specialization studied in the past (Be as detailed and concrete as possible)

(過去に専攻した専門分野(できるだけ具体的に詳細に書くこと))

7. Educational background (学歴)

	Name and Address of School (学校名及び所在地)	Year and Month of Entrance and Completion (入学及び卒業年月)	Amount of time spent at the school attended (修学年数)	Diploma or Degree awarded, Major subject (学位・資格, 専攻科目) When taking leave of absence, the period and reason. (休学した場合はその期間・理由)
Elementary Education (初等教育) Elementary School (小学校)	Name (学校名) Location (所在地)	From (入学) To (卒業)	years (年) and months (月)	
Secondary Education (中等教育) Lower Secondary School (中学)	Name (学校名) Location (所在地)	From (入学) To (卒業)	years (年) and months (月)	
Upper Secondary School (高校)	Name (学校名) Location (所在地)	From (入学) To (卒業)	years (年) and months (月)	
Higher Education (高等教育) Undergraduate Level (大学)	Name (学校名) Location (所在地)	From (入学) To (卒業)	years (年) and months (月)	
Graduate Level (大学院)	Name (学校名) Location (所在地)	From (入学) To (卒業)	years (年) and months (月)	
Total years of schooling mentioned above (以上を通算した全学校教育修学年数) as of September 30, 2013 (2013年9月30日現在)			years (年)	

* If the blank spaces above are not sufficient for the information required, please attach a separate sheet.

((注) 上欄に書ききれない場合には、適当な別紙に記入して添付すること。)

8. State the titles or subjects of books or papers (including graduation thesis authored by the applicant), if any, with the name and address of the publisher and the date of publication. (著書, 論文 (卒業論文を含む。)) があればその題名, 出版社名, 出版年月日, 出版場所を記すこと。)

* Please attach abstracts of those papers to this application.

((注) 論文の概要を添付のこと。)

9. Employment Record: Begin with the most recent employment, if applicable. (職歴)

Name and address of organization (勤務先及び所在地)	Period of employment (勤務期間)	Position (役職名)	Type of work (職務内容)
	From To		
	From To		

10. Japanese language proficiency: Evaluate your level and mark with an × where appropriate in the following blanks.

(日本語能力を自己評価のうえ、該当欄に×印を記入すること。)

	Excellent (優)	Good (良)	Fair (可)	Poor (不可)
Reading (読む能力)				
Writing (書く能力)				
Speaking (話す能力)				

11. Foreign language proficiency: evaluate your level and mark with an × where appropriate in the following categories.

(外国語能力を自己評価のうえ、該当欄に×印を記入すること。)

	Excellent (優)	Good (良)	Fair (可)	Poor (不可)
English (英語)
