

## Project management section

Honorary advisor  
Director

Committee

Subcommittee for research and education  
Subcommittee for global education

### Support team for chemical synthesis

search for seeds of medicine、 design of basic molecules、  
high effective organic synthesis、 synthesis of lead compounds

### Support team for biochemistry

gene recombination 、 development of gene transfer technology  
behavior analysis of genetically modified mice、 development of  
drug for virus infection、 Application of human iPS cell tecqnique  
to disease research

### Support team of analysis and evaluation

development of chemiluminescent and fluorogenic probe、  
high-performance separation analysis 、 high-sensitive imaging  
analysis、 PET/SPECT imaging

### Support team for clinically pharmacy

evaluation of side effect、 safety evaluation of pharmaceuticals、  
drug efficacy and toxicity test 、 dosage form design、 DDS、  
pharmacodynamics 、 regulatory science
